

7E12D/96

Smart Double Sided E-Paper Display

SPE Series

AOC Smart Double Sided E-Paper Display is the ultimate sleek, efficient, and eco-friendly solution for modern offices. Redefining the future of smart business environments, the 7E12D is an innovative technological center-piece for your conference rooms and executive desks. Featuring zero-power static display technology to support enterprise sustainability and zero-waste goals, it breaks through traditional limitations with fluid, crisp 6-color visuals for precise communications and a top-tier professional corporate image.

Features

Dual-Sided Display

Designed with double sided e-paper display panels to show information on both front and back. Equipped with a dedicated stylus slot for enhanced convenience and direct presentation during meetings.

E Ink Spectra™ 6 Tech

Powered by advanced E Ink Spectra™ 6 technology, delivering vivid, crisp, and pure 6-color visual effects that make conference details stand out with ultimate clarity.

Zero Power & Eco-Friendly

Consumes zero power while maintaining static content; uses extremely low power only during image updates. Powered by 2 AAA batteries for unlimited paperless reusable green meetings.

Dedicated “E-Paper Assistant” App

Tailored exclusively for AOC Smart E-Paper displays. Fully supports Android 8.0+ and iOS 12.0+. Combines powerful design flexibility with an ultra-simple workflow, enabling meeting setup in just seconds via BLE 5.0 and NFC.

Ultra-Portable (206 g)

Weighing only 206 g grams, easily move and switch between different conference rooms and office setups. Quick battery swaps ensure seamless content changes with elegance and mobility.

Please download from the App Store.
